

# Reclaiming America for Mary, the Immaculate Virgin

## Part II

**“I am Our Lady of America. I desire that my children honor me, especially by the purity of their lives.... I desire to make the whole of America my shrine by making every heart accessible to the love of my Son.... I desire, through my children of America, to further the cause of faith and purity among peoples and nations.”** (Sister Mildred Mary Neuzil, *The Diary, OUR LADY OF AMERICA*, Tiffin, OH, Pgs. 10,12, and 11.)

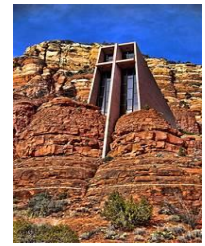

On October 8, 2000, a couple was in St. Peter’s Square during the Great Jubilee when St. John Paul II consecrated the 3<sup>rd</sup> Millennium to the Immaculate Heart of Mary as Queen of Peace. Her triumph has begun! Knowing Our Lady of America’s message to Sister Mildred Mary Neuzil, they decided to carry Our Lady’s image to sacred places in our history that have fallen into secular hands or neglect. The trip, set to begin on September 11, 2001, date of the infamous 9/11 attack on New York City, was delayed until September 15, feast of Our Lady of Sorrows. How fitting! They remembered the blasphemous image dishonoring God’s Mother at the Brooklyn museum two years earlier and wondered if God had removed His hand of protection from the city. God does not look kindly on those who dishonor His Mother! Repeatedly, Our Lady of America has warned us she can hardly hold back the arm of God’s justice upon a sinful nation. The way America goes, the world goes.

At Fatima, La Salette and Quito Our Lady warned of the evil of secret societies, especially freemasonry. It was the latter who closed the church in Fatima and imprisoned the shepherd children. In 1989, Our Lady conveyed to Father Don Stefano Gobbi of the Marian Movement of Priests that freemasonry is the “Black Beast” in the Book of Revelation. After studying freemasonry, these Torchbearers of the Queen set out on a holy mission to reclaim America for Mary and were astounded at the number of politicians and corporate executives in this or similar secret societies. Evil seeks the highest levels. The 32<sup>nd</sup> and 33<sup>rd</sup> degrees of masonry have a goal for a New World Order and a one-world government that has no room for Christianity and negates the sovereignty of God. They deem three overt events necessary to achieve their power: **transmute matter; kill a “king” publicly; and bring matter back from another planet.** All three have been done. They believe it will take three world wars to fully effect their plan. We have had two and are on the verge of the third. All this is documented in the writings of masonry’s “universal pontiff.” Our Lady’s apparitions have brought repeated warnings of a third world war if we do not repent. With St. Michael, the Holy Face of Jesus and the image of Our Lady of America on board, our couple set out to reclaim America for Mary. This is their story, shared with permission.

On September 15, they reached La Purisima Concepcion, Mission of the Immaculate Conception of Most Holy Mary in California. They placed the image of Our Lady at the altar in this now dark, empty museum run by the state of California and reclaimed the mission for Mary. Before leaving they discovered a statue of the Child Jesus hidden in a niche, waving, as if to bless them on their way to the red rocks of Sedona, Arizona and the Chapel

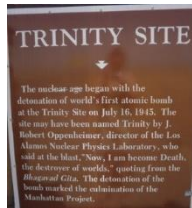

of the Holy Cross. This place is known for its vortexes with their so-called magnetic attraction for healing, or is it attraction for money? The red rock vortexes are no match for the healing powers of Our Lady of America's promised graces. Then on to St. Philip Neri Church in Albuquerque, New Mexico, built in 1706, for some spiritual rest. In a hollow was a depiction of the death-sleep of Jesus. Lest we forget, He has risen. We recall His proof left on the Holy Shroud of Turin and His words to Sister Mildred Neuzil.

**“My little white dove, if the world is dying, it is because it will not let Me give it life. I am the resurrection and the life, and unless souls seek their life in Me, they will find only death and destruction. They fear man-made destroyers of life, yet destruction is in themselves. Man destroys himself through the evil that is in himself. Implements of war kill only that which is without. Man kills that within himself which none but he can kill. God is light, man is darkness, and unless he comes into the light, he will be forever darkness. (The Diary, Pg. 4.)**

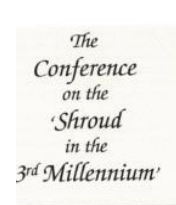

In Scripture Jesus tells us that in order to enter His flock, His kingdom, we must pass through the Shepherd's gate, and He is the gate; however, to enter into the fold of the kingdom of the world, of the prince of darkness, one can enter through the Stallion Gate of White Sands Missile range in New Mexico. Ironically, the site is called Trinity, and here **the first goal of free**

**masonry was achieved: matter was transmuted and the “new age” of nuclear warfare and atomic destruction was begun.** Note how the evil one mocks the Divine One in name and in action. The first atomic explosion occurred here on July 16, 1945, feast of Our Lady of Mount Carmel, *Garden of God* in Hebrew. The lead creator of the atomic bomb compared himself to the

false Hindu god vishnu, saying: **“I am become death, destroyer of worlds.”** The couple pleaded with the Creator of life to give His Mother victory over the forces of nuclear destruction. They proceeded to Los Alamos, home of the bomb, then on to Roswell, New Mexico, famed site of a supposed UFO landing in 1947 where residents have close encounters with street lamps shaped like little grey men. At night lights abound with the color of green, not green men from Mars but green money at the bank. Happily, the couple proceeded to the Guadalupe Mountains and the Carlsbad Caverns which form a gigantic cross, symbolizing to them Christ's victory over all evil.

Being sindonologists, people who study Jesus' burial cloth, and directors of a Shroud Center for the past 5 years, the couple attended an international symposium on ***The Shroud in the 3<sup>rd</sup> Millennium*** in Dallas, Texas. Experts on the flora of Palestine identified pollen of three different plants on the shroud, plants which only grow around Jerusalem. In the 1800's, Pius IX had Veronica's veil placed at the top of the Holy Stairs in Rome to pray for his return from exile. For three hours, beginning at 3:00 p.m., the Face on the Veil came alive.

Portraits were made and touched to the veil. One was given to St. Therese of the Child Jesus and the Holy Face. On April 11, 1997, an arson fire started at St. John the Baptist

Cathedral in Turin, Italy, home of the Shroud since 1578. Firefighter Captain Mario Trematore heard a voice inside himself telling him to get a sledge hammer and break the Shroud's unbreakable case open. Thus, he was able to save the Holy Shroud for our veneration for years to come.

**The second goal of free masons is to kill a “king”.** On November 22, 1963, in Dallas, Texas, Camelot's king and first Catholic President, John F. Kennedy, was shot on Elm Street in Dealey Plaza. His successor would be a mason. A modern glass high-rise obelisk, a pagan symbol of victory, overlooks the spot from a distance. Since Our Lady's image was not allowed in the Sixth Floor Museum of the Texas School Book Depository where Lee Harvey Oswald is said to have fired the fatal shot that killed Kennedy, a medal of Our Lady of America became an inconspicuous way to baptize this place for Our Lady's cause. An X marks the spot on Elm Street where the president was killed, a spot where, in the past, gunfighters often met to shoot it out. Our Lady's image was placed on the spot to exorcise it. Dealey Plaza forms a triangle with the red brick courthouse guarded by six demonic gargoyles, an obelisk topped with a flame to mark the first masonic lodge in Dallas, and the sixth-floor book depository. Human architects may not have planned it so, but the evil architect who mocks God may have.

The next stop was the Johnson Space Center in Houston where **the third goal of the mason elite was fulfilled—to bring matter back from another planet.** The Space Center is filled with names of pagan gods—saturn, atlas, mercury and apollo. Apollo 11 blasted off for the moon on July 16, 1969, 24 years after the first atomic bomb was exploded, both on the feast of Our Lady of Mount Carmel. In spiritual warfare, one is keenly aware of signs, symbols, words and numbers. Outside the Space Center was a van displaying its “shriners” logo, a crescent moon symbolic of the false moon god allah, and an upside-down pentagram, symbol of isis. The sword of allah is used to martyr those who refuse to submit to islam. To be a shriner, one must be a 32<sup>nd</sup> or 33<sup>rd</sup> degree mason who by oath condemns king and pope. **(We choose not to capitalize names of demons or false gods.)**

Next the couple would take Our Lady's image to San Antonio's missions and to the Alamo, once a Catholic mission where Mary was honored. Now the goddess of liberty rules its plaza. San Antonio, however, is home to the Basilica of the National Shrine of St. Therese of the Child Jesus and the Holy Face. In Austin, the state capital of Texas, the goddess of liberty again reigns. Here Madalyn Murray O'Hair, the most famous atheist in America, waged so much of her battle against prayer and religion in our schools. In 1995 she was kidnapped from her home in Austin and years later found brutally

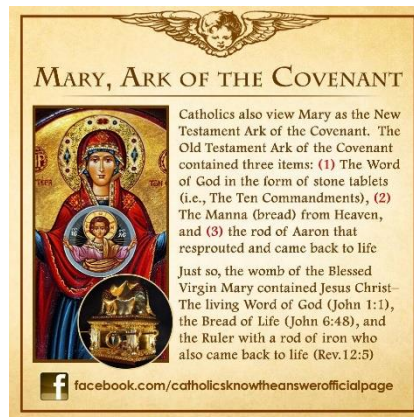

murdered. In Austin, too, the roots of the case of Roe vs. Wade and the battle over abortion began. On through Oklahoma and Colorado and then Santa Fe and the Santuario de Guadalupe which houses the oldest known image of Our Lady of Guadalupe in the United States. Also here is the Cathedral of Saint Francis with the nation's oldest known statue of Mary, Our Lady of Peace, or known formally as Our Lady of Conquering Love. Outside the Church of Loreto, famous for the miraculous staircase, a female goddess ascends on the cross. In a museum here, on 9/11, Our Lady of Guadalupe was depicted almost nude in a bikini as naked angels danced around her. **And we wonder why 9/11 happened?** At Four Corner's Monument Arizona, New Mexico, Colorado and Utah meet. These four states, with California and Texas, were claimed by early settlers for Mary as Queen of the Kingdom of New Mexico and its Villa of Santa Fe. All of them were reclaimed for Mary. Her image was placed on the spot where the four corners meet.

A final highlight of this mission was a trip to the Grand Canyon. Amidst all the splendor of creation evident in that incredible mountain range, one realizes an even greater creation was the Immaculate Conception, the Ark of God's new Covenant with man. Medal in hand, the couple reclaimed the Canyon for Mary, the Immaculate One. Then back home to Los Angeles to reclaim Santa Ana, named for Our Lady's mother, and the headquarters for the international Trinity Broadcasting Network, a 24-hour televangelist station that never dares say the words "Hail Mary." St. Louis de Montfort said: "I can tell how close a man is to God by how much he loves to say, "Hail Mary." So, let us say "Hail Mary" over and over!

**By thy Holy and Immaculate Conception, O Mary, deliver us from evil!**
